Co. Limerick.

**LIMERICK CITY AND COUNTY COUNCIL  
MUNICIPAL DISTRICT OF NEWCASTLE WEST  
MEETING TO BE HELD ON WEDNESDAY 5<sup>th</sup> NOVEMBER 2025**

**Eircode:** V42EH73

**t:** +353 (0) 69 62100

**Notice of Motion submitted by Councillor J. Scanlan**

I will move at the next Meeting that the rights of way leading from St. Mary's Road to Coole Lane and that from Upper Maiden Street to The Market Yard be reopened.

**Reply:**

**St Marys Road to Coole Lane** - LCCC are unaware that a public right of way exists at this location.

**Upper Maiden Street to Market Yard**

A report was issued at the NCW Municipal District meeting of the 4<sup>th</sup> of March 2020 setting out details with regard to the Declaration of Public Road at Brewery Lane, Newcastle West.

A discussion took place on the day and the Members referred to the submissions received on the proposal and the concerns, which were raised by property owners adjacent to Brewery Lane with regard to access and security issues and anti-social behaviour at night time by leaving the laneway open. It was agreed on the day to defer this item to allow for further consultation on this matter.

To date no further consultation has taken place.

**MEETING OF THE METROPOLITAN DISTRICT OF NEWCASTLE WEST  
TO BE HELD ON WEDNESDAY, 5<sup>th</sup> NOVEMBER 2025**

**Notice of Motion submitted by L. Galvin**

I will move at the next full Council meeting that Limerick City & County Council call on Transport Infrastructure Ireland (TII) to make the necessary funding available immediately in order that emergency safety works be carried out on the junction at Devon Road Cross, Templeglantine as soon as possible.

In light of the many road traffic accidents which have occurred at this junction over recent years and given that a fatality occurred at this site on Saturday last, October 18th 2025, it is imperative that action is taken forthwith to prevent further injury and loss of life. I wish to express my sympathy to the family of the deceased and I sincerely hope that TII will see fit to intervene expeditiously to ensure that no other family will find themselves in a similarly tragic situation due to the danger currently posed by this junction.

**Reply:**

Limerick City and County Council appointed Barry Transportation in 2019 to design and develop appropriate measures to address safety issues at Devon Cross on the N21, between Abbeyfeale and Templeglantine, in Co. Limerick.

Following consultations with Transport Infrastructure Ireland (TII) and Mid West National Road Design Office (MWNRO), Barry Transportation completed a Feasibility Report which recommended the construction of a staggered junction at Devon Cross as the preferred option to improve safety at this location. This Feasibility Report was submitted to TII in 2020, and Limerick City and County Council requested TII's approval to progress the scheme.

Funding was not allocated to progress the scheme at that time, however some funding was allocated by TII for additional signage on the approach to the N21.

## **LIMERICK CITY AND COUNTY COUNCIL**

### **MUNICIPAL DISTRICT OF NEWCASTLE WEST**

#### **MEETING TO BE HELD ON WEDNESDAY 5<sup>th</sup> November 2025**

**Notice of Motion submitted by Councillor F. Foley-** I will move at the next Meeting that funding be provided for (a) Works on the bridge at Secondglass, Mountcollins, (b) Bridge at Meenkilly, Abbeyfeale (c) The stone walls at Fealesbridge, Abbeyfeale.

#### **REPLY:**

- a) An engineering inspection was undertaken at the bridge at Secontglas, Mountcollins. This inspection has identified that the bridge requires extensive rehabilitation works to the damaged section of wall and the existing composite steel/concrete deck which needs to be replaced with pre cast concrete slabs. Due to lead in time for the supply of these pre cast units, LCCC bridge contractors will mobilise to site in early January 2026 to undertake all works required which are estimated to take from 8-12 weeks to complete. The nature of the works along with the constraints of the road layout will require a full road closure for the duration of the works.
- b) The Bridge at Meenkilly, Abbeyfeale will be inspected to determine its condition. Following the findings of the inspection, the bridge will be added the list of bridge structures requiring rehabilitation works within Limerick City & County Council, for consideration for inclusion in the annual bridge rehabilitation programme in future years, based on priority of need.
- c) The stone walls at Fealesbridge, Abbeyfeale have been inspected. The sections of damaged wall do not form part of the bridge structure as they are located on the approach walls to the bridge abutments and lie outside of the extents of the bridge structure. In this regard it will not be considered for repair under the bridge rehabilitation works programme. The roads operations team in NCW will review possible funding streams with a view to carrying out works in 2026

John O'Keffee, Senior Executive Engineer, Roads, Traffic & Cleansing – Central Service,  
29<sup>th</sup> October 2025
