

Active Travel Scheme Corbally Road

Bulletin No. 8

16th January 2026

This past week, excavation works have continued in the footpath areas. Two crews are working towards each other, excavating existing footpaths and driveway entrances. Excavation is being carried out in small sections to ensure minimal disruption to residents.

Next week, new kerbs will be installed, and additional sections of new concrete footpath will be poured.

Please see image below of new footpath areas across from Scoil Ide.
