

Active Travel Scheme Corbally Road

Bulletin No. 4

25th of November 2025

Over the past week, further excavation has occurred along the existing footpath in the direction of St Munchins. Pedestrians are being redirected to alternative crossing points for safety. Temporary traffic management measures will be in place locally to facilitate these works.

This week new concrete footpaths will be poured in the most recently excavated area. These works will continue to progress in the footpath areas heading in the direction of St Munchins College.

Please see image below of the latest area to be excavated
