

# Active Travel Scheme Corbally Road

**Bulletin No. 13**

*20th February 2026*

Works continued to progress over the past week at Scoil Íde, with blockwork beginning on the new boundary wall. Excavation works also continued on the footpaths opposite Bishop's Field and the St Munchin's gate, where new kerbing and sections of footpath have now been installed to improve access and safety. A new temporary pedestrian crossing has been installed across from the Bishops Field to accommodate the works.
