Reply to Question

**Meeting of the Cappamore – Kilmallock Municipal District to be held on Tuesday 17th
February 2026**

Question submitted by Councillor Conway

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District for an update to my previous motion for traffic calming measures and extra street lighting in Fairyfield , Kilmallock.

Response:

Any requests for new public lighting would need to be submitted to the Public Lighting Team for consideration, unless it is done through a General Municipal Allocation (GMA) funding stream, where the Municipal District Office can arrange for a lighting design and costing to be undertaken for same..

In terms of traffic calming measures, as this estate is a short cul de sac road, residents are required to agree a plebiscite with 70% of the residents in favour of same. Any proposed works will then also require a funding stream such as GMA, as no other funding stream is available.

Diarmuid Sheehy,

A/Senior Executive Engineer,

Cappamore-Kilmallock Municipal District.

Meeting of the Cappamore – Kilmallock Municipal District to be held on Tuesday 17th February 2026

Question submitted by Councillor Conway

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District for an update on my previous motion for traffic calming on Sarsfield St. Kilmallock including a pedestrian crossing and replacement of bollards on the corner of the street near Dansko Ltd.

Response:

The replacement of some bollards at this location can be looked at by the District Office.

Any consideration for a new pedestrian crossing at this location will also require the identification of a funding source for any proposed works, as funding is not currently available for same.

**Meeting of the Cappamore-Kilmallock Municipal District meeting to be held on 17th
February 2026**

Question submitted by Councillor Stokes

I will ask at the next meeting of the Cappamore-Kilmallock Municipal District meeting:

- What housing estates in the Cappamore-Kilmallock Municipal District are yet to be taken in charge by Limerick City & County Council (how many and where?);
- What is the update on the progress being made in relation to each of the remaining estates still due to be taken in charge?

REPLY:

For estates to be taken in charge a formal request must be received from the developer or a plebiscite received from the residents. There are five requests for taking in charge in the Cappamore Kilmallock Municipal District.

The following three estates in the Cappamore-Kilmallock Municipal District will be progressed in 2026:

Sruth an Oir, Elton, Co. Limerick	To be agreed in March Cappamore Kilmallock Municipal District Meeting
Castle Laurel, Oola, Co. Limerick	Currently dealing with Uisce Éireann with additional lands around wastewater pump station.
Glenstal Gate, Murroe, Co. Limerick	In progress

The taking in charge process is ongoing in respect of Ceol nah Abhainn Phase 2 and Toormore Bruree.

Meeting of the Cappamore – Kilmallock Municipal District to be held on Tuesday 17th February 2026

Question submitted by Councillor Carey

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District for an update on my motion from December'2023 regarding extending the existing footpath from Bellview on the Glenfield Road and if this is included for Active Travel funding.

Response:

Thess proposed works will be included under the Active Travel funding stream and will be included in the Schedule of Municipal District Works for 2026 to be considered for approval by the Elected Members

Meeting of the Cappamore – Kilmallock Municipal District to be held on Tuesday 17th February 2026

Question submitted by Councillor Carey

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District for an update on my motion from March'2021 regarding the pedestrian crossing on Sheares Street, Kilmallock and the amendment by Cllr Donegan regarding the National School pedestrian crossing.

Response:

Since this original motion in 2021, Limerick City and County Councils Traffic Calming Policy Document adopted by the Elected Members in 2024, identifies that a table top ramp should only be used as a last resort and that all other traffic calming measures should be considered first.

It also identifies that speed ramps are not permitted on National, Regional or Strategic Roads. If a recommendation from the Roads Engineer is for the installation of a table top speed ramp, this decision must be detailed in an assessment report and a final decision is then made by the Senior Engineer for Roads, Traffic and Cleansing or their delegate.

Please note that the Municipal District Office has recently arranged for the two overhead lights on this crossing to be upgraded to improve visibility, while the crossing point itself was also fully upgraded in terms of tactile paving, new signals, road markings and signage in 2022.

Diarmuid Sheehy,

A/Senior Executive Engineer,

Cappamore-Kilmallock Municipal District.

MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE – KILMALLOCK TO BE HELD ON TUESDAY THE 17th FEBRUARY 2026

Notice of Motion submitted by Cllr. Teefy

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District for an update and timescale on the proposed traffic calming measures to be carried out at Boskill, Main Road, Caherconlish.

Reply:

The proposed traffic calming measures to be carried out at Boskill, main road, Caherconlish form part of a bigger scheme on the L5094 which includes for the installation of a small section of pedestrian bridge over the River Groody near the Millenium Centre in Caherconlish. The installation of this structure requires the completion of an EIS to progress the full scheme works here and Cappamore Kilmallock District Office is proposing to allocate funding via Active Travel Scheme funding in 2026 to the District to complete this report to progress this scheme to site construction phase.

**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE-KILMALLOCK
to be held on Tuesday 17th February, 2026**

Question submitted by Cllr. Teefy

I will ask at the next meeting of the Cappamore-Kilmallock Municipal District if there any plans/guidelines for Columbarium Walls or Ashes Plots in the Municipal District in view of the increasing numbers of cremations.

Reply:

The Council are aware of the need to provide for the interment of ashes in several of its cemeteries due to an analysis undertaken as part of the Burial Ground Interment Strategy. As a result, the Council is providing Columbarium Walls or Ashes plots in some cemeteries. The decision on whether to provide a Columbarium Wall or Ashes plots or a combination of both is largely dependent on demand in a particular location based on population density and associated costs.

In the Cappamore Kilmallock district, the Council has already identified an area for a small number of ashes plots in Ballingaddy and Abbington cemeteries with other opportunities being investigated.

The Council will be making provision for Columbarium Walls and ashes plots as part of any new cemetery in the District.

**MEETING OF THE MUNICIPAL DISTRICT OF CAPPAMORE-KILMALLOCK
to be held on Tuesday 17th February, 2026**

Question submitted by Cllr. M. Ryan

I will ask at the next meeting of the Cappamore-Kilmallock Municipal District what is the progress for lighting of the council car park in the Clare Glens and the roadway leading to the entrance of the walkway.

Reply:

The Parks Unit has provided a stoned walkway and area for car parking as part of an Outdoor Recreation Infrastructure Scheme funded initiative at the top car park for Clare Glens. This pathway and car parking is contained within the amenity and the purpose of providing same is to facilitate walkers and kayakers accessing the Clare Glens amenity from the top car park.

In relation to the bottom car park, the Parks Unit are not aware of a request for lighting of the bottom car park or a footpath on the road leading to the entrance of Clare Glens. The Parks Unit provides a maintenance service for Clare Glens and does not have an identified funding source for such capital works.

**Meeting of the Cappamore – Kilmallock Municipal District to be held on Tuesday 17th
February 2026**

Question submitted by Councillor M. Ryan

I will ask at the next Meeting of the Cappamore-Kilmallock Municipal District what is the current status of a water inlet opening programme for the Regional and Local roads in the Cappamore-Kilmallock Municipal District.

Response:

This is ongoing at present in the Cappamore-Kilmallock Municipal Roads District, and will continue in conjunction with the preparation of Local and Regional Roads for the 2026 Road Scheme Works.

Diarmuid Sheehy,

A/Senior Executive Engineer,

Cappamore-Kilmallock Municipal District.
