

Active Travel Scheme Old Cratloe Road

Weekly Bulletin No. 2

27th February 2026

Over the past week, ShareRidge crews have continued with excavation of existing walkways and installing new kerbing. New concrete footpaths have then been poured in the walkways on the Old Cratloe Road, adjacent to Clonile.

Please see image below of freshly poured concrete footpath outside Clonile.

Active Travel Scheme Old Cratloe Road

Weekly Bulletin No. 2

27th February 2026

Next week excavation works will continue in the direction of TUS, this will include the next section of walkways adjacent to the Spar shop.

New kerbing will be installed along the already excavated footpaths and the area readied for concrete.

Please see image below of an excavated area in advance of the new concrete footpath being poured.
