LIMERICK CITY AND COUNTY COUNCIL

MUNICIPAL DISTRICT OF NEWCASTLE WEST

MEETING TO BE HELD ON WEDNESDAY, 4th March 2026

Question submitted by Councillor L. Galvin

I will ask at the next Meeting for a detailed update on the public convenience, Abbeyfeale.

REPLY:

There was a workshop held with the Elected Representative on 28th January 2026 to discuss options for delivery of a Public Convenience Facility in Abbeyfeale. Several options were presented including costings. As presented the most cost-effective solution is for Limerick City and County Council to purchase a toilet facility. Limerick City and County Council will continue to explore options for the maintenance and cleaning of the toilet.

The Abbeyfeale Traffic Management Plan project will provide funding for the purchase and installation of the public convenience and maintenance costs for 2026 and 2027.

It is proposed that the public convenience would be installed as part of the upcoming Grove Crescent Carpark Link works.

Beyond this maintenance period (from 2028 onwards) the Elected Representatives will need to make Budgetary provision for the ongoing maintenance of the toilet.

MEETING TO BE HELD ON WEDNESDAY, 4TH MARCH 2026

Question submitted by Councillor Liam Galvin:

I will ask at the next Meeting for a detailed update on the Devon Road Junction.

Reply:

In November 2025, The Mid West National Road Design Office (MWNRDO) submitted an updated Feasibility Report to Transport Infrastructure Ireland (TII), seeking approval and funding to progress the scheme to detailed design, preparation of tender documents and construction.

Following its review of the submission, TII requested further clarification on certain aspects of the updated Feasibility Report. The additional information sought has since been provided by the MWNRDO and a response from TII is currently awaited.

TII has allocated funding in 2026 to enable the MWNRDO to undertake additional surveys and site investigations to assist with the preliminary design of the staggered junction option recommended in the Feasibility Report.

Question Councillor L. Galvin

I will ask at the next Meeting for a detailed update on Dore's Cross, Templeglantine.

REPLY:

Limerick City & County Council have developed a number of design options for footpath delivery on the eastern side of Templeglantine Village, extending the existing footway to Dore's Cross. LCCC have submitted an updated feasibility report to TII for consideration.

MEETING TO BE HELD ON WEDNESDAY, 4th MARCH 2026

Question submitted by Councillor L. Galvin

I will ask at the next Meeting for a detailed update on Daly's building, Abbeyfeale.

REPLY:

Limerick City and County Council are currently in the process of procuring a Design Team to take the project to a shovel ready stage, as the building is a Protected Structure and is located in the Architectural Conservation Area, the proposal requires input from conservation specialists. The proposal will advance through the planning consent process, over the coming months and stabilisation works, if deemed necessary, will be completed, subject to available resources.

Question Councillor T. Ruddle

I will ask at the next meeting that Limerick City and County Council cut back the tree branches which are over hanging onto the N21 at South Quay and Cullinagh, Newcastle West. They are hanging very dangerously over the main N21 to Killarney/Tralea.

Reply:

The trees that are being referred to are on private lands. LCCC will write to the landowners regarding the concerns above.

Question Councillor T. Ruddle

I will ask at the next Meeting that Limerick City and County Council consider putting ramps and raised platforms on the Knockane/Monagea road to reduce speed.

Reply:

There has been a review of this location by the district office, and it is proposed to put forward a proposal for speed ramps – flat tops. These works are subject to the availability of funding.
