

Active Travel Scheme Ballykeefe

Works Notice

121st April 2026

ShareRidge Ltd is pleased to announce its appointment as the contractor for the Active Travel Scheme on Ballinacurra Road, between St Paul's to Ballykeefe Roundabout.

The project includes building dedicated cycle tracks between St. Pauls and Ballykeefe Roundabouts and along Ballinacurra Road, with adjustments to road widths to improve cyclist safety and efficiency. Pedestrian footpaths will be reconstructed where needed, and existing zebra crossings at both roundabouts will be upgraded to signalised crossings for pedestrians and cyclists.

Additional works include installing bus priority signals, improving pedestrian access with a new stepped route from Ballykeefe Estate and a crossing at Ballykeefe Roundabout, and upgrading bus stop facilities with safer island layouts. The project will also involve upgrades to drainage, water, and utility services.

Traffic and pedestrian management plans will be in place throughout the duration of the project to ensure safety and minimise disruption.

To keep residents and business owners informed, ShareRidge Ltd will provide weekly project updates outlining progress and giving advance notice of upcoming works.
