

# Active Travel Scheme Corbally Road

**Bulletin No. 25**

*15th May 2026*

Works have begun at the junction between Lanahrone Avenue and the Corbally Road with the excavation of existing footpath across two driveways. New kerbing was installed and new concrete footpaths poured.

Next week, the ShareRidge team will continue to work from the junction at Lanahrone Avenue towards the traffic lights at the junction to the Mill Road. They will start by excavating all the existing footpaths in preparation for new kerbing.
