

# Active Travel Scheme Corbally Road

*Bulletin No. 23*

*1st May 2026*

Over the past week, bollards have been installed along the footpath across the road from Scoil Ide. Works have been completed at the junction of Shannon Drive and the Corbally Road. Electric Skyline were on site to install new street lighting and the posts for the pedestrian crossing have been installed. Works have also continued at the vehicular entrance to Scoil Ide.

Please see image below of the crew completing preparatory works for the base layer of tar that will be poured Tuesday.

# Active Travel Scheme Corbally Road

**Bulletin No. 23**

*1st May 2026*

Next week, tarring works will be completed outside Scoil íde by the end of the week.

Excavation works will begin in the footpath area at the entrance to St Munchins on the side nearest Athlunkard bridge.

This footpath will be closed, all pedestrians will have to use the footpath on the residential side of the Corbally road.

Please see image below of the new bollards on the residential side of Corbally road.
