**Meeting of the Cappamore – Kilmallock Municipal District to be held on Thursday 21st May
2026**

Notice of Motion submitted by Councillor Conway

I will move at the next Meeting of the Cappamore-Kilmallock Municipal District that Limerick City & County Council to provide a safer entrance to the Industrial area known as Millmount, Kilmallock across from GVM Marts, also to provide extra parking and yellow boxes for commercial vehicles to load and off-load their vehicles in a safer manner, to implement traffic restrictions in the form of ramps and new signage.

Response:

The Municipal District Office will engage with the business owners and operators in this industrial area to gather information on the issues currently being experienced, with the view to developing a proposal that provides a safer environment, while ensuring that the operational needs of the businesses are also accommodated.

Darragh Corcoran,
A/Senior Executive Engineer,
Cappamore-Kilmallock Municipal District.

Meeting of the Cappamore – Kilmallock Municipal District to be held on Thursday 21st May 2026

Notice of Motion submitted by Councillor Carey

I will move at the next Meeting of the Cappamore-Kilmallock Municipal District that whatever safety measures deemed necessary at the crossing between the Knockainy GAA grounds and Knockainy soccer pitches be designed and funding streams identified.

Response:

Knockainy GAA Club are currently carrying out works as part of an approved Planning Application at this location. Part of these works include for the installation of raised kerbs and roadmarkings for the purposes of parking and traffic calming at this location, adjacent to both the GAA grounds and soccer pitches in Knockainy.

Darragh Corcoran,
A/Senior Executive Engineer,
Cappamore-Kilmallock Municipal District.

Meeting of the Cappamore – Kilmallock Municipal District to be held on Thursday 21st May 2026

Notice of Motion submitted by Councillor Teefy

I will move at the next Meeting of the Cappamore-Kilmallock Municipal District that additional traffic calming measures be considered for Boher village on the N24 due to the high volume of passing traffic and ongoing road safety concerns for residents, pedestrians, and road users.

Response:

A Traffic Calming scheme was completed on the N24 at Boher in the early 2000's. The scheme included the construction and installation of a number of traffic calming measures over a 500m section of roadway. These included central islands, ghost islands, public lighting, road narrowing, gateway signage, lane separation, and delineation signage.

However, the Municipal District Office will carry out a revised traffic survey to assess current traffic volumes and speed at this location.

Darragh Corcoran,

A/Senior Executive Engineer,

Cappamore-Kilmallock Municipal District.
