

Active Travel Scheme Ballykeefe

Weekly Bulletin

12th June 2026

Preparatory works for the new boundary wall at St Paul's Nursing Home have progressed, with the area cleared and made ready for the excavation of the new foundations. Further drainage infrastructure has been installed outside St Paul's, with the associated excavation works completed and the affected areas reinstated through backfilling. Over the coming week, drainage installation works will continue in this location. Concrete will be poured for the first section of the new boundary wall foundations at St Paul's Nursing Home, and excavation of the adjacent footpath areas is also scheduled to commence.
