

# Active Travel Scheme Ballykeefe

## Weekly Bulletin

*19th June 2026*

Over the past week, further drainage infrastructure has been installed outside St Paul's. The first section of foundations have been poured for the new boundary wall at St Pauls.

Over the coming week, drainage installation works will continue in this location. Excavation works will commence on the first section of footpaths in this area, with new kerbing to follow.

Please see image below of new drainage and ducting.
