FOI-005-2026	I am researching procedures regarding planning permission obtained in 1973 with various Local Authorities. Please confirm the exact procedure of Limerick County Council to resolve a problem with a historical planning permission granted in 1973. Permission was granted for a private dwelling and is confirmed in writing. No objections were made by either the Council or the public an the dwelling was built. No modifications have been made since 1973. The drawings in the file are NOT the drawings submitted by the applicant in 1973. They do not contain the Applicants name, address, date or a scale of the drawings as required to issue a planning permission at the time.. The alleged drawings on file are generic but are not site specific. The present owner is recommending that the council confirm the house as built did have planning permission. Mediation is also offered by the present owner to resolve as the correct drawings have obviously been mislaid. What is the procedure of Limerick County Council?	08/01/2026	NON PERS	OTHERS	INVALID	08/01/2026
