

Active Travel Scheme Ballykeefe

Weekly Bulletin

10th July 2026

Over the past week, further drainage infrastructure has been installed along with the rerouting of gas networks.

Over the coming week, drainage installation works will continue in this location and the area will start to be backfilled. Further sections of kerbing have been installed.

Next week, works will continue on the new footpaths in this area.

Please see image below of footpath areas readied in advance of a concrete pour.
