

Active Travel Scheme Ballykeefe

Weekly Bulletin

28th August 2026

Over the past week, works have continued on the installation of new kerbing and footpaths along the Ballykeefe Road outside St. Paul's Nursing Home.

Works have also commenced at the entrance to Ballykeefe Estate. The first section of the existing traffic island has been removed, and drainage works in this area are now underway.

Drainage works within Ballykeefe Estate will continue next week, along with ongoing kerbing and footpath construction on the Ballykeefe Road.

A new work area will be established outside St. Paul's Church. Two-way vehicular access will be maintained between St. Paul's Church and St. Paul's Nursing Home throughout these works.

Pedestrian access to St. Paul's School from the pedestrian crossing and from the hospital side will be facilitated through the church grounds.
