**Meeting of Limerick City and County Council
to be held on Monday 28th September 2026**

Question submitted by Councillor C. Slattery

I will ask at the next Meeting of Limerick City and County Council can the Council advise is there any plans for an out of hours animal welfare officer to be put in place.

Response

Limerick City and County Council does not currently have an Authorised Officer appointed under the Animal Health and Welfare Act 2013 and, consequently, does not have statutory authority to enforce the provisions of that Act. There are no current plans to appoint an Authorised Officer or to establish an out-of-hours animal welfare service.

Responsibility for the implementation and enforcement of the Animal Health and Welfare Act 2013 rests primarily with the Department of Agriculture, Food and the Marine (DAFM). Accordingly, all animal welfare complaints received by the Council are referred to DAFM for investigation and any necessary action. The Council's role in this area has been further limited following the transfer of the Local Authority Veterinary Officer position to DAFM.

An Garda Síochána also has significant powers in relation to animal welfare matters. Under the Animal Health and Welfare Act 2013, the Control of Horses Act 1996 and the Control of Dogs Act 1986, Gardaí have powers to enter and search premises, seize animals where appropriate, and initiate enforcement action.

Council staff will continue to discharge their responsibilities under the Control of Dogs Act 1986 and the Control of Horses Act 1996 and will take appropriate enforcement action in all cases that fall within the scope of these legislative provisions.

MEETING OF LIMERICK CITY AND COUNTY COUNCIL be held on Monday, 28th September 2026.

Question submitted by Councillor P. Doyle

I will ask at the next Meeting of Limerick City and County Council for a breakdown of house/apartment completions in Limerick in 2025 by Electoral Area.

REPLY:

The Central Statistics Office (CSO) report 'New Dwelling Completions Q4 2025' recorded 866 new dwelling completions in Limerick in 2025, comprising 283 single houses, 500 scheme houses, and 83 apartments.

The breakdown of total new dwelling completions in Limerick in 2025 by Local Electoral Area includes: Newcastle West: 108; Adare-Rathkeale: 140; Cappamore-Kilmallock: 128; Limerick City West: 251; Limerick City North: 46; and Limerick City East: 193.

Meeting of the Council 28th of September 2026

Question submitted by Councillor Liam Galvin

I will move at the next meeting of Limerick City and County Council for a full detailed progress report on Sheehy's site in Abbeyfeale

REPLY:

A number of assessments are currently being finalised in relation to the Sheehy site in Abbeyfeale. These include a review of the previous An Coimisiún Pleanála refusal, the relevant retail strategy context and the Department's Retail Planning Guidelines. Should the Sheehy site be considered for rezoning, a robust planning argument and justification will be required to support any proposed change. This work is now concluding and will inform proposed variation no. 4 to the Limerick Development Plan.

In tandem, the Forward Planning team has commenced the statutory Strategic Environmental Assessment, Appropriate Assessment and flood risk analysis required prior to the commencement of a variation to the Limerick Development Plan. It is proposed that Variation No. 4, which will include a new zoning map and objectives for Abbeyfeale, will be placed on public display in January 2027, with a view to completion in July 2027.

Meeting of Limerick City and County Council to be held on Monday 28th September 2026

Question submitted by Councillor S. Hickey-O'Mara

I will ask at the next Meeting of Limerick City and County Council for an update on the procurement and roll-out of communication boards in Council run spaces as well as the timeline for their installation.

Reply:

The charity organisations who promote this service were consulted and the product samples were received and reviewed. Following this an order was placed for a compliment of products to meet the anticipated need of the library service.

The selected communication boards have since been delivered and distributed to the 16 no. library branches across Limerick city and county. The wall mounted signs have been installed, and the A4 laminated boards are available for individuals of different abilities to use. These boards are given to the users when they arrive to the building and returned as the users exit the building.

Following the learnings from this initial rollout, we are now proceeding with a similar site-specific approach for the Limerick Museum and Limerick City Gallery of Art. We are currently procuring the specific boards which we intend to have in place, in both locations, in Q4 2026.

COUNCIL MEETING TO BE HELD ON MONDAY 28TH SEPTEMBER 2026

Question submitted by Councillor U. Gavan

I will ask at the next Meeting of Limerick City and County Council how much supply of salt the Council has in stock and how storm prepared the Council is.

Reply:

Limerick City and County Council maintains sufficient salt stocks to enable the treatments of designated priority routes during periods of frost, ice and snow. The maintaining of adequate reserves is essential as demand can increase significantly during extended cold spells where repeated treatments maybe necessary. The Winter Maintenance period for the 2026/ 2027 season commences on October 12th 2026 and extends to April 30th 2027. The current salt stocks for the coming season totals 2,270 Tonnes stored in warehouses (see below). The salt stocks are replenished during the Winter Maintenance Period as required through the submission of orders to the Transport Infrastructure Ireland (TII).

Atlas Avenue, Dock Road - 2,100 Tonnes

Gotoon, Kilmallock – 70 Tonnes

Top Yard, Newcastle – 100 Tonnes

Regarding the Council's preparedness in case of storms, meetings were held recently with the Local Authorities districts to confirm that they had the necessary resources for the coming winter including

- Availability of road, drainage, and emergency crews
- There are management structures in place for severe weather events
- Availability of gritting vehicles and snow clearing equipment
- Adequate supply of sandbags

Ahead of storm events the local Authority will employ additional street sweepers for winter period to clear gullies and drainage networks. Flood prone locations are monitored and cleaned as necessary as well as culverts and watercourses.
